1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-46 are rejected under 35 U.S.C. 102(b) as being anticipated by US Pat. No.

4139514 Bassett.

Bassett discloses a clear coat containing dioctyl sodium sulfosuccinate as an emulsifier and the other ingredients of the instant claims. See column 6, lines 23-24; column 7, lines 1-54; and column 10, lines 18-44. Such a compound will necessarily reduce the ability of rain to bead on a surface, i.e. increase the ability of water to wet the surface, just as it increases the ability of water to wet the particles of the dispersion.
